COMMENTS FROM THE TOWN MANAGER'S OFFICE

During the past week winter sand pile has been placed at the town garage, 4000 yards has been put up, the same as last year. The pile has been covered with sawdust to prevent freezing. Without the sawdust cover the pile may freeze a foot deep or more depending on weather conditions, resulting in the loss of a number of yards of sand. Approximately 35 tons of rock salt have been mixed with the sand.

Your attention is called to Article 3, Section XI of the Town Ordinances, as follows: "There shall be no overnight parking on any street or other town ways from Nov. 1 to April 1." The reason for this ordinance is to facilitate snow removal operations.

After due investigation and a public hearing the Zoning Board of Appeals denied the application of Jason Smith to convert the barn at his Vernon Street residence to a broiler house.

Like any piece of legislation, the ordinance is not perfect in every respect. Now that it is in effect, additions, amendments and deletions can be made at any town meeting. It is anticipated that several minor changes will be brought before the voters at the annual town meeting.

Sincerely,
Harold L. Bean

NEW BOOKS AT THE BETHEL LIBRARY

Adults:
"Theme for Ballet," by Vicki Baum, Kotka Milenkaya, veteran ballerina is forced to choose between career and marriage when she discovers that her husband's attention has strayed to a younger, more domestic woman. Background of the ballet is unobtrusively worked in to the romantic novel.

"Anna and Her Daughters," by D. E. Stevenson, Anna Harcourt, a beautiful and formerly wealthy woman of forty, is left with three grown daughters and very little money when her husband dies. This is a very wholesome book.

"Seldman and Son," by Flicke Moll, "Seldman and Son" is a heart-warming novel told by a dress manufacturer who has a factory and wholesale business on Seventh Avenue, and a lively interest in all human situations.

"Daughters of the Gold Rush," by Klonidy Nelson with Corey Ford. The story of the Alaskan gold rush as seen by a girl growing into womanhood—the adventure, the hilarity, the heartbreak and the strange characters.

BOOKS TO BE EXHIBITED AT CRESCENT PARK SCHOOL

Books On Exhibit, a national service operation involving the leading publishers of children's books, will have on display 600 new and recent children's books at the Crescent Park School in Bethel, Monday through Thursday, Dec. 1-4. Exhibit hours will be 3:30-5:30 p. m. and 7:00-9:00 p. m. each day. Since this exhibit will be attended by people from most of northern Oxford County it is being suggested that local parents try to get to view it as early as possible to avoid crowding.

This is a rare opportunity for teachers, librarians, and parents interested in providing children with reading material, to view the best of the most recent publications. The display will have space sufficient for nearly every volume to "show" itself. The collection is separated into the following sections (number of each indicated): Kindergarten - grade 3, (148); Grade 4-6, (204); Grades 7-9, (138); Young People, (79); Various ages, (52). There are also 31 subject matter categories represented.

The books on exhibit are not for sale. However, ORDERS for the purchase of any book will be taken from parents who wish to buy. Most books ordered should be here in time for Christmas.

Everybody is welcome.

The Maine Extension Service provides farm people with the latest experimental findings, technical advice, and successful methods of farming and homemaking. This helps to make them well informed citizens.

To give real advice you must add something which cannot be bought or measured with money, and that is sincerity and integrity.

SUNDAY RIVER SHIRWAY

During the past week there has been more progress made in clearing the brush from the open slope at the Shilway.

On Armistice Day approximately forty Gould students and faculty members spent the entire day burning brush piles and succeeded in clearing the slope from the bottom of the mountain for a distance of nearly 200'. Last Sunday a large group of townspeople, including wives and children, worked from 1:00 to 4:30 and cleared out an additional area at the bottom run-off besides further clearing up the slope.

While the Shilway officials realize that it will be impossible to burn all the brush in the 3000' strip by volunteer labor, the work that has already been done has been of great help. It is interesting to note that one professional old slope contractor quoted a figure of \$675 per acre for clearing the mountain and we have succeeded in clearing well over two acres at practically no cost. We wish to express our appreciation to the townspeople and Gould Academy students who have already given time and energy so generously.

It is hoped that we can get in at least two more Sundays on this work. There will be a group going out this coming Sunday, weather permitting, and we would like a large turnout. We regret that due to the wet fall the road is practically impassable from the brook crossing and will be so until the ground freezes. However, it is only a ten minute walk from the brook to the work area.

Tom Brown will have local insurance man and tourist home operator, has agreed to help sell stock in the Shilway Corporation and has started his sales campaign.

While it is true that we have accomplished a great deal so far with little money, this phase of the work will soon be over. If you have not already invested we hope you will do so soon. We wish to repeat that we are not aiming only for the large investor. In fact we are willing to sell stock on the installment plan if anyone desires. Again we wish to thank all those who have helped so far and hope even more of you will join us in the next Sunday or two when we will continue burning brush.

Planting steep slopes to trees protects the land and puts it to good use. With the Nation's timber supply shrinking, this is not only sound land use, but good economy as well. Save Lewis Thelwell, Maine Extension Service forestry specialist.

From my front porch

By CARL HELM

This is the age of electronics, for better or worse — and you can get an argument on it either way . . .

Down the block from me there's a little church from whose modest belfry sweet carolers peal of Sunday evenings — and Mr. Rockefeller's magnificent church on Riverside Drive in New York has no bells or chimes that sound finer.

His may have cost thousands of dollars, and they are played by organists of note, while my neighbor's are played by means of a recording on disc or tape and amplified to resounding volume.

But the strains of "Faith of Our Fathers" and "All Hail the Power of Jesus' Name" fall just as beautiful and inspiring on the Sabbath twilight — and I bless the electronic magic that makes this possible for the folks who listen for blocks around.

Man can make an atom bomb, It has come to pass, Man can make an atom bomb — But not a blade of grass!

From Other Planets From Venus the Earth, when brightest, would appear about six times as brilliant as Venus ever does to us. The Moon would be visible alongside the Earth, and about as bright as Jupiter. As seen from Mars the Earth, at its brightest, would appear about as bright as Jupiter does to us. From Jupiter, or the more distant planets, the Earth would never get far enough from the direction of the Sun to be visible with eyes such as ours.

Eleanor Palmer and Pamela Olson demonstrated a candle fruit salad. Donita Ellingwood and Sandra Desmaris demonstrated a table centerpiece. — Mrs. Ellingwood went "hunting" with us. She learned how at a recent leader's meeting. Our parents were served cup cakes, which were made by two of our first year cooking girls.

MAN'S RECIPE

SUNNY ACRES PINEAPPLE COOKIES

One of the culinary phenomena of the 20th century is the increased interest in spices. In some of the larger markets, I have counted from 25 to 25 different spices. Black pepper is the world's most universally used spice. This comes from a dried ripe berry of a climbing vine.

Cinnamon is probably the most used baking spice in this country and is made from the dried bark of a tropical fruit tree. I use parsley flakes and thyme in my chowders and stews, as well as in baked beans and meat loaves. I also like to use just a little of oregano also for its subtle flavor.

If you like a soft cookie and enjoy pineapple flavor, I hope you will try this recipe and I shall be glad to hear what you think of it. Some folks don't like soft cookies, but I do - if it has plenty of flavor.

Use one half cup shortening, one half cup light brown sugar firm packed, one fourth cup white sugar, one egg beaten, one half teaspoon vanilla, one and a half cups flour, one fourth teaspoon soda, one fourth teaspoon salt, three fourths cup crushed pineapple drained.

Cream shortening and sugars. Add egg mixed with the vanilla. Sift flour with soda and salt. Add to mixture alternately with the pineapple. Mix all well. It makes a soft batter.

Drop by teaspoon on greased

As the month of November rolls around it is time for another publication of our monthly newspaper, the Readit. Those who are engaged on the board for this month are:

Advisor, Mrs. Dorothy D. Ross; Co-Editors, Elaine Penney, Bonnie Cyr; Business Managers, Gloria Ward, Janice Lowe; Exchange Editor, Lloyd Rowe; Sophomore Editor, Betty Abbott; Gossip Editor, Gennette Ryerson; Sports Editor, Gary Goodwin; Alumni Editor, Natalie Polvinen; Obituaries and Church.

On Friday, Nov. 7, the teachers of our school along with other teachers of the county journeyed to South Paris to the annual Oxford County Teachers' Convention. This gave us a day off. Tuesday we had off also as it was Veterans' Day, a legal holiday. This was not a disappointing factor to many as it was good hunting season about now.

However, by the time she had taken down the gun and given it to her husband, a neighbor's dog barked and the deer took to his heels and disappeared in the woods nearby.

Mrs. George Wight was hostess at a White Cross Party at her home, Thursday evening, Nov. 13, with Mrs. Beth Brown of Bethel, demonstrator.

FROM OUR FILES

60 YEARS AGO

A log cabin near Hunts Corner was destroyed by fire. It belonged to Mr. and Mrs. Lewis Paine of Mechanic Falls. Loss was estimated at \$2,000.

About three inches of snow was Bethel's first of the season. It was followed by rain.

About 60 young people from North Newry, Bethel and Upton churches met at Bear River Grange Hall for a social evening.

Deaths: Charles B. Stevens, Philip Bergeron.

W. C. Stacy installed a steam heating plant in the Citizen office. Leo Vall bought the Elias Robertson place in Skillington.

South Waterford celebrated its 64th anniversary.

Deaths: Alice G. Mason, Mrs. Deborah Chapman, Aldana Brooke, Clinton J. Lovejoy.

Mr. Lyon completed his log cabin on Grover Hill.

Deaths: James Farwell.

The Maine Farm Bureau membership reached its highest membership in ten years. 449 men and 210 women were enrolled in Oxford County.

Mr. Helen's division has changed to Maine History. Mrs. Larve's division has changed to Science.

The 2nd and 4th grades attended an 8th grade social Friday night. It was an imitation of the American Bandstand. Julie Brown was Mistress of Ceremonies.

The program consisted of a Hula-Hoop contest which both Alan Chapman and Christine Stevens won. Raymond Harrington entertained by playing a few guitar solos. Refreshments were served and we hope everyone enjoyed them.

A boy from Texas who is studying Maine has asked the 8th grade for material on Maine. Mr. Helen is getting it together. Reporters, Raymond Harrington, Dale Lapland.

Mr. E. Lord. This week in our room we made charts to find our reading speed. We hope to increase our reading rate and comprehension. Some of the girls in the seventh grade have gone out for cheerleading. They

News of 4-H CLUBS

The Lucky "4-H" Club met at the home of Rachel Mackay for our fifth meeting. The meeting began by Nancy Brown (vice-president) calling it to order. The club pledge was repeated. We talked about what we would like to do for Bethel, but we still haven't decided. Refreshments are to be brought next week by Barbie Angvine and Norma Sloan. After the meeting was closed each of us made gambler ties, like Wyatt Earp wears. Linda Paine, Reporter.

The Busy Beaver 4-H Club held a meeting Nov. 10 at Mrs. Hillier's.

The president, Martha Laws, was absent so vice-president Harriet Hillier conducted the meeting. Our leader demonstrated how to end a row of stitching on the sewing machine. We plan to make needle holders next meeting and should have pattern and cloth ready. Refreshments were served by Mary Ann Barlett and Harriet Hillier.

The Busy Beaver 4-H Club met Nov. 17 at Mrs. Hillier's with nine members present. We made a needle holder. In our clothing booklet Program No. 1 we have to read page 6. Becky and Rachel Keniston have refreshments next meeting.

News of 4-H CLUBS

The Lucky "4-H" Club met at the home of Rachel Mackay for our fifth meeting. The meeting began by Nancy Brown (vice-president) calling it to order. The club pledge was repeated. We talked about what we would like to do for Bethel, but we still haven't decided. Refreshments are to be brought next week by Barbie Angvine and Norma Sloan. After the meeting was closed each of us made gambler ties, like Wyatt Earp wears. Linda Paine, Reporter.

The Busy Beaver 4-H Club held a meeting Nov. 10 at Mrs. Hillier's.

The president, Martha Laws, was absent so vice-president Harriet Hillier conducted the meeting. Our leader demonstrated how to end a row of stitching on the sewing machine. We plan to make needle holders next meeting and should have pattern and cloth ready. Refreshments were served by Mary Ann Barlett and Harriet Hillier.

The Busy Beaver 4-H Club met Nov. 17 at Mrs. Hillier's with nine members present. We made a needle holder. In our clothing booklet Program No. 1 we have to read page 6. Becky and Rachel Keniston have refreshments next meeting.
